

## **Replacement of a Compulsory Course of the Module „Economic Theory and Policy“ (Replacement Joker)**

In general, students are expected to take part in all five lectures listed under the module “Economic Theory and Policy.” These lectures are Advanced Macroeconomics I, Advanced Microeconomics I, Advanced Macroeconomics II, Advanced Microeconomics II and Economic Policy and Public Choice.

The examination rules under §4 (3) give the students the possibility to replace one of the compulsory lectures from the Economic Theory and Policy module with a 6 ECTS internal elective.

Courses from the quantitative methods module (Intermediate Econometrics and Computational Economics) and those from the profile (Constitutional Economics for E&P, Principles of Finance for F and Electronics Markets / Network Economics for ISNE) cannot be replaced.

To replace a mandatory course and with elective course, please fill out the linked PDF form and submit it to [mep@vwl.uni-freiburg.de](mailto:mep@vwl.uni-freiburg.de) . It can be submitted as a scanned version.

Replacement Form:

<https://master.econ.uni-freiburg.de/data/m-sc-economics-replacement-compulsory-course-form.pdf>

The replacement must be done after having passed the internal elective course you wish to use as the replacement and before completing the degree. Apart from these, there are no other time requirements for the replacement.
