FREIBURG

# English Version

# Rector's Greeting

Dear international students,

On behalf of the Albert-Ludwig-University Freiburg, I would like to extend a warm welcome!

We are delighted that you have chosen Freiburg for your studies. Whether you are here for a semester or will be completing your degree here, international students and exchanges are essential to our university.

I hope that you will feel comfortable in our university community – you have joined over 4,000 international students from around 126 countries who have chosen to study in Freiburg. Freiburg is a wonderful university town; in addition to its rich cultural history, the city is ideally situated at the edge of the Black Forest, and France and Switzerland are a short train ride away. We hope that in addition to the studying at the university that you take advantage of all that Freiburg and its surroundings have to offer.

This welcome guide has been designed as a resource to help you get your bearings at the University and in the city. In addition, please feel free to contact our staff at the International Office or your lecturers, if you have any further questions. We hope that you are already off to a great start; good luck with your studies!

A handwritten signature in black ink, which reads "H. J. Schiewer". The signature is written in a cursive, slightly stylized font.

Prof. Dr. Dr. h.c. Hans-Jochen Schiewer  
Rector

## UNIKOS

No matter where you come from: We are already there!

UNIKOS is your home planet at the university cosmos Freiburg. We are a group of international students who are a part of the international office. As students, who, just like you, come from the most diverse countries, we are the right people to address all your questions and problems.

The UNIKOS-Team is there for you at the Welcome Days for newly enrolled international students as well as for your questions by email. We provide information, advice, organise cultural events, parties and international evenings in the MensaBar.

If you have any questions, you are welcome to contact us by email.

**Julika Walter**

Dear international students,

welcome to the University of Freiburg!

My name is Julika, I've lived in Freiburg since 2013 and I study law. I still enjoy living here – I love the sun and the black forest just around the corner. As a uni town, Freiburg is really lively and there is always something going on for everyone.

During my studies I lived in Chile for a year. To live in a foreign country for a while and to meet and interchange ideas with people from different countries and cultures was exciting and enriching. There are, however, also always a few questions and problems to deal with. Where do I live? How do I register? Where and how will I meet new people? What kinds of activities does the university offer? Etc.

We would like to assist you with finding answers to all of these questions. So get in contact – we are happy to help!

## **Tamara Brinkmann**

Hey everyone!

My name is Tamara Brinkmann and I'm more than happy to welcome you in the beautiful city of Freiburg, probably the sunniest city in Germany!

I have been living here for more than two years and study mathematics and geography to become a teacher. Before my studies I did a voluntary social year in Ecuador and during my studies I studied for one semester in Gothenburg in Sweden. Hence, I know what it means to be new to another country or another city. In the beginning you are quite nervous and excited about the upcoming time. At the same time you feel a little lost without friends or contact persons and are overwhelmed by new impressions, bureaucracy and all the documents you have to complete in another language.

To make your start in Freiburg easy I would like to help you and to show you how to find your way in city and university. No matter what's on, administrative assistance, search for an apartment, sports, parties or questions about everyday-life: you can always contact us! I hope to get to know you soon :)

## The volunteers from “Team International”

For students from certain countries or speakers of a particular language, contact persons are listed here, who are willing to help.

Our voluntary “team international” is made up people who for various reasons feel connected with the University of Freiburg. All of them study – or have studied – at the university and are happy to answer questions on study and life in Freiburg by email or telephone.

## ADVICE & SOCIAL SERVICES

### Social counselling and Insurance

Whatever the problem may be, our social counsellor will find an answer to almost any social, personal or economic query. Our social counsellor knows the fine points of the social insurance system and can for example assist in the search for a *childcare placement*. She also knows the finer points of residence visas. Information regarding accidents, liability, theft *insurance*, unemployment benefits and social assistance can also be provided. She also assists *students with disabilities* or chronic diseases. In addition, she knows contact details of other counselling services and important authority contacts.

Mon + Tues 9.00 – 12.00 a.m., Thurs 1.30 – 4.00 p.m., as well as appointments pre-arranged by telephone

### Legal advising

A lawyer can help you with potential legal issues with a free consultation. However, advice regarding business concerns, proceedings and documents is not available. In cases where additional advice is required, students will be referred to appropriate professional. If students think that they have a legal problem, we urge them to seek advice earlier rather than later before it gets expensive.

**Please note!** Students must present valid student identification from a university, which is covered by SWFR in order to receive legal advice.

#### Contact

Only at appointments pre-arranged by e-mail

E-mail: [rechtsberatung@swfr.de](mailto:rechtsberatung@swfr.de)

### **Psychotherapeutic advising**

Students who experience personal or study related problems should not feel left alone! Many students experience difficulties during their studies. Professional advice can help solve these problems. A short conversation can often help clarify a student's path.

Psychotherapeutic counselling offered by SWFR is the right place to turn for such advice, which is given through one-on-one appointments (45 min). Students must make an appointment for one-on-one counselling or turn up during open office hours once a week.

Counselling sessions are also available in English, French, Chinese and Slovenian. All sessions remain confidential.

The Psychotherapeutic Counselling Centre offers an extensive seminar programme. Topics include "Test Anxiety", "Rhetoric", "Stress Management", "Writer's block" or "Time Management".

## **General Students' Committee (AStA)**

### **- Department for International Students**

Dear International Students,  
Welcome to Albert-Ludwigs-University Freiburg!

We are a group of students from different faculties and nationalities and make up the University's student council. We appreciate the diversity of our students' community and value the input coming from you! It's great to have you here!

An important part of our work is to represent the interests of all students at University of Freiburg including international students. Student council (AStA) has weekly meetings. The AStA is the executive body of student council at the University of Freiburg. The main responsibility of the AStA is to represent student interests, to organize cultural and academic events and to provide services (e.g. legal advice, etc.). Before the start of Winter Term each year we organize events in a Welcome Week, including breakfasts and city tours. You are more than welcome to participate in any of them! Detailed information on these events can be found on our website: [www.stura.org](http://www.stura.org)

We also want to point out that the AStA is willing to organize lawsuits against tuition fees that are being charged from students from not-EU countries since 2017/18 and take on legal expenses for this. If you can imagine to file a suit please feel free to contact us (only affected people can file a lawsuit in Germany!).

Best,  
Head of Student Council

## What can I use the SemesterTicket for?

Students of the University of Freiburg can use the public transport in the region for favorable conditions.

The special ticket “SemesterTicket” for the duration of the whole semester is available for 94 Euro only (winter semester: 1<sup>st</sup> October till 31<sup>st</sup> March / summer semester: 1<sup>st</sup> April till 30<sup>th</sup> September). With this ticket you can use public transport including buses, trams and local trains in Freiburg and the surrounding region. You get the semester ticket at the Freiburg central railway station or online

🔗 [www.swfr.de/en/money/discounts/semester-ticket-valid-for-the-regional-transportation-network-of-freiburg-rvf/](http://www.swfr.de/en/money/discounts/semester-ticket-valid-for-the-regional-transportation-network-of-freiburg-rvf/)

How far you can get using the semester ticket can be found on the plan of tariff zones by the Regio-Verkehrsverbund Freiburg (RVF)

🔗 [www.rvf.de/fahrplan-netz/liniennetzplaene](http://www.rvf.de/fahrplan-netz/liniennetzplaene)

Even without the SemesterTicket, students can travel for free on buses, trams and trains with the RVF after 7 p.m.. However, this offer is not valid in the night buses.

# Where can I find a place to live?

Especially just before the beginning of the semester, the room service of the international office and the Studierendenwerk is running at full steam, so not every new student is lucky enough to get a room in student accommodation straight away. The normal housing market is the next option. There are also affordable rooms and apartments available and many landlords take their offers to the International Office and the Studierendenwerk.

## **International Office**

### **Apartment database**

The International Office has a private apartments database for international students and international guests of the university, where many furnished apartments and rooms can be found.

### Wohnen für Hilfe (Homeshare)

“Wohnen für Hilfe” is a program that brings students looking for a room and people looking for tenants together. In this program, instead of paying a full rent, students help in the landlords household. Landlords are mostly elderly people or young families. How much and what kind of help is required by the tenants will be written down in the tenancy agreement. Mostly this will be shopping, gardening, babysitting, walking the dog, taking the rubbish out and so on.

## **Invitation to a tour of administrative offices for all new international students in winter term 2018/2019**

In order to simplify your start in Freiburg, SWFR offers a free bilingual tour (German / English) of the important administrative offices you may need to consult. The tour is led by international tutors. You will get help to register your residence, to open a bank account and to acquire a health insurance from a German insurance company. The tutors will try to answer all of your questions and give you important information about student life, for example where to buy the “Semesterticket” for students for cheap public transport.

**Please bring: Passport or your identity card (EU-Countries), 2 passport photos, letter of admission, confirmation of room-reservation or tenancy agreement of Studierendenwerk or landlord, students from EU: European Health Insurance Card (EHIC) or Form E 128.**

Our tour will feature the following public institutions: Studierendenwerk, Residents Registration Office and Immigration Office, Bank, Public Health Insurance Company, International Office, Campus: KG I and KG II, Student Restaurant and Cafeteria. The tour ends in the student eatery Mensa Rempartstrasse with lunch (facultative).

**The dates for the tours will be published on our website:**

## **Announcement of Residency / Resident Registration**

After arrival in Freiburg, you have to register your place of residence at the Bürgeramt of the City of Freiburg (or with the local administration of your place of residence, if you live outside of Freiburg). At the Bürgeramt, EU citizens also receive their residence and work permit (Freizügigkeitsbescheinigung).

Citizens of non-EU countries are required to apply for a residence permit with the City of Freiburg (or the aliens office of the Landesratamt, if they live outside of Freiburg), before the expiry of their visa. To do so, the following are required:

- passport with entry visa
- biometric passport photo
- recent confirmation of health insurance coverage
- administrative fee
- confirmation of enrollment

Federal Central Tax Office

RETURN ADDRESS Registration authority

Personal identification number:

99 999 999 999

Address

General information:

DD.MM.YYYY

**SUBJECT Allocation of an identification number in accordance with section 139b of the Fiscal Code (Abgabenordnung, AO)**

Dear Sir or Madam,

The Federal Central Tax Office (*Bundeszentralamt für Steuern*) has allocated you an identification number. This number is for tax purposes and will remain valid throughout your lifetime. For that reason, please retain this letter even if you are currently not a taxpayer.

In all applications, declarations and communications directed to the revenue authorities concerning income tax/wages tax please always quote your identification number. For the time being, please continue to quote your tax number as well as the identification number allocated to you.

Under your identification number – on the basis of information provided by the registration authority normally responsible for your affairs – the Federal Central Tax Office has stored the following details:

01: ---

02: ---

03: ---

04: ---

05: ---

06: ---

07: ---

08: ---

09: ---

01 = Title, surname; 02 = Married name; 03 = Registered partnership name; 04 = Birth name; 05 = First names; 06 = Gender; 07 = Full address; 08 = Date and place of birth; 09 = Country of birth (this field applies in the case of birth abroad)

If you find that the details recorded are incorrect, please contact the authority identified above next to the heading RETURN ADDRESS. Normally, this will be the registration authority responsible for your affairs. Please also read carefully the explanatory notes on the reverse of this letter.

Yours faithfully,

The Federal Central Tax Office

## **Tax Identification Number (Steuerliche Identifikationsnummer)**

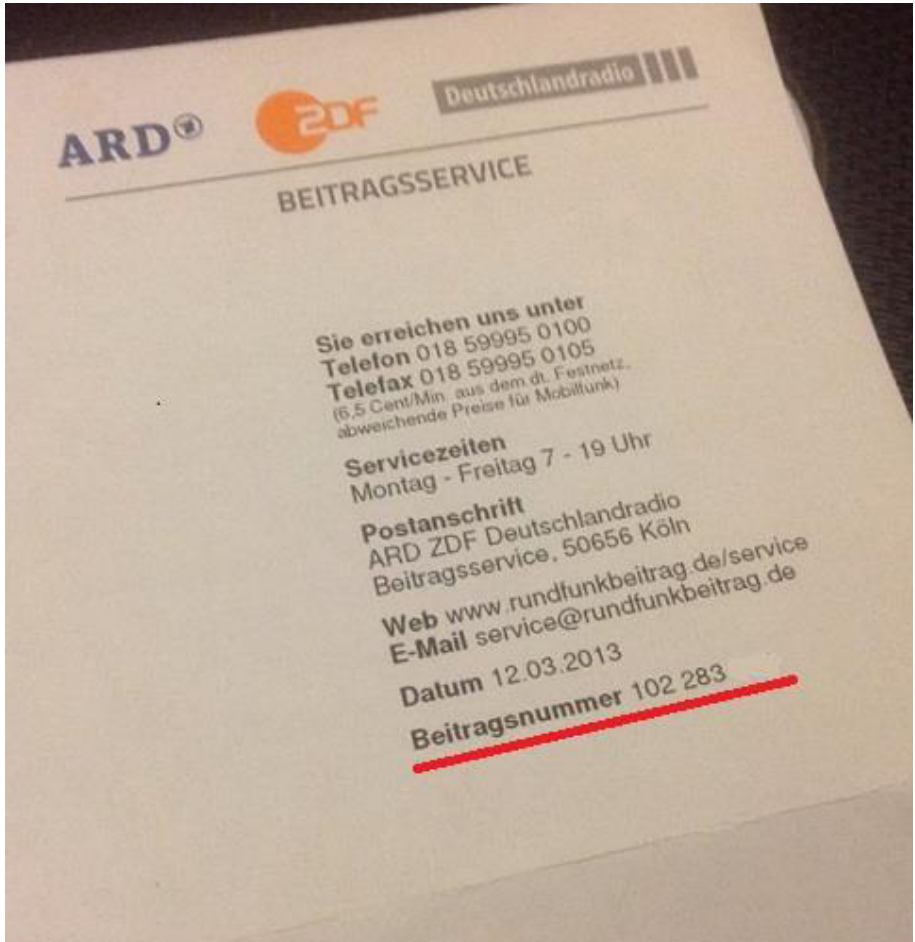

Every individual in Germany receives an 11digit personal identification number (steuerliche Identifikationsnummer “IdNr”) to ensure unique identification within the tax system. This number is unique and is assigned to you for life. It will not change if you marry, move, or leave the country.

When you register in Germany, you will receive a letter with this number automatically from the Federal Central Tax Office.

**Please keep the letter!** You need your tax identification number if you would like to work in Germany.

For more information please visit:

 [www.bzst.de/EN/Private\\_individuals/Tax\\_identification\\_number/tax\\_identification\\_number\\_node.html](http://www.bzst.de/EN/Private_individuals/Tax_identification_number/tax_identification_number_node.html)

## **Public Broadcasting License Fee (Rundfunkbeitrag)**

After you register your address in Germany, you will receive a letter from the Rundfunkbeitrag (Public Broadcasting License). For every apartment in Germany, a fee of 17.50 euro/month must be paid to support public broadcasting. You will be requested to pay this fee regardless of whether or not you use the programming. This fee goes toward supporting the public radio and television stations in Germany (ie ARD and ZDF) and is required by law.

The rule is every apartment/house must pay the fee, regardless of how many people are living there or how many televisions/radios/computers there are in the apartment. If one of your roommates is already paying the fee then you will not need to pay as well (although you should probably split the fee with them).

## **Departmental academic advising**

One of the responsibilities of the faculties and departments is to provide subject specific academic advising. In a number of faculties, you will be advised by faculty assistants on examination regulations, subject combinations, questions on programme structure, programme or subject changes as well as second and parallel studies. In addition, the individual departments also have advisors who can inform you in particular about the working methods and conditions in the department, and also on the formulation of your semester timetable and preparation for exams.

## **Experiment e.V. – The Experiment in international living**

### **Living together. Learning together**

As a non-profit organization we are cost-conscious and are primarily supported by over 600 volunteers. Any financial surpluses go primarily toward scholarship programs to enable exchange regardless of financial status.

#### International Students in Germany:

Are you a student at a German university or college? Would you like to discover a completely different side of Germany by staying for two weeks with a host family? Then you might be interested in our homestay program for international students. We offer two-week homestays during the semester breaks and during the Easter and Christmas holidays.

#### Homestay for refugees that study in Germany:

If you are a refugee and study at a German university you can apply for our special homestay program during the summer months.

#### Location of the homestay:

The host family placement will be outside of your university city. We cannot consider regional preferences.

#### Program Fee:

The program fee is 40 Euros. You also have to come up with your personal expenses during the two weeks. All other costs including the transportation

# Are cross-border studies possible in Freiburg?

## Studying in three countries with Eucor – The European Campus

Do you want to have an international education, think outside the box and study in France and Switzerland? Within a radius of only 200 kilometers from the University of Freiburg, you can take advantage of all that the European Confederation of Universities in the Upper Rhine, Eucor – The European Campus has to offer. You have the chance to take free classes in all five Eucor universities that are easily integrated into your course of study.

Along with the University of Freiburg, the following four additional universities in Germany, France and Switzerland are members of the confederation:

- University of Basel
- Université de Haute Alsace, Mulhouse
- Karlsruhe Institute of Technology
- Université de Strasbourg

When you are enrolled in any one of the five Eucor universities, you enjoy all the same rights of use and perks the other students have there too, including taking classes without having to pay extra tuition fees. You receive ECTS credits at the University of Freiburg for the courses you take elsewhere too. In addition, the European Campus regularly offers seminars for undergraduate, graduate and doctoral students on intercultural topics such as how to apply for jobs, internships and other opportunities in an intercultural context.

Interested? Now is the time to plan your three-country education at the European Campus!

For further information, visit the Websites for the University of Freiburg and Eucor – The European Campus:

# What do I need to observe during my studies?

## Semester registration

Students who are already enrolled at the University of Freiburg and wish to continue studying have to renew their enrollment by transferring the social and administrative fee as well as the tuition fees. Payment is made by bank transfer. The required information will be taken from the information form "Actung Rückmeldung". It is also possible to complete the renewal of enrolment online with direct debit. Further information is available from:

 [www.studium.uni-freiburg.de/en/student-services/registration?set\\_language=en](http://www.studium.uni-freiburg.de/en/student-services/registration?set_language=en)

### Deadline for Renewal of Enrolment

For the winter term 2018/19: 1st June to 15th August

## Changing fields

Applications for changing course of study and/or applications for the extension of short-term studies (i.e. without graduation) need to be done within the mentioned deadline for the renewal of enrolment (see deadline „Semester registration“). This does not apply to restricted fields of study.

To do so, please come to the Student Service Center, International Admissions and Services (IAS), Sedanstr. 6, first floor, room 01 020.

According to § 60 Abs. 2 Nr. 5 of the Landeshochschulgesetzes, every applicant who wants to change her/his course of study in the third semester

or later, has to bring written proof of course counseling on the desired field of study. Course counseling is a responsibility of the faculty.

If the desired course of study is one for which there are admission restrictions, the regular application procedure with the corresponding deadlines must be observed. At the same time, the renewal of enrolment (see deadline „Semester registration“) for the course of study undertaken to that point is to be carried out.

A change of subject or new enrollment has to be completed by 31.3 at the latest for the summer semester and 30.9 for the winter semester.

Please observe the posters with indications on renewal of enrolment.

 [www.studium.uni-freiburg.de/en/student-services/changing-fields-etc](http://www.studium.uni-freiburg.de/en/student-services/changing-fields-etc)

## **Leaves of absence**

Students who would like to take a leave of absence can do so within the deadline for renewal of enrolment. Leave is generally only possible for two semesters and can only take place due to specific reasons (for example, studies at a foreign university, sickness, etc).

Students taking a leave of absence stay enrolled and have to pay semester and the student contribution. The basic fee for the “SemesterTicket” are not demanded (you can’t get a SemesterTicket in this time).

Your health insurance cover remains valid. Leave not counted as subject-related semesters but as university semesters.

Specifics concerning enrolment, changing course of study, etc are governed by the “Zulassungs- und Immatrikulationsordnung” of the University of Freiburg.

Appointments and special indications for the respective semester will be made known through postings or can be read at:

 [www.studium.uni-freiburg.de/en/student-services/leave-of-absence](http://www.studium.uni-freiburg.de/en/student-services/leave-of-absence)

## Renewing your residency permit

Please observe that the residence permits which you are issued are usually temporary. For this reason please apply for the extension of your residence permit with sufficient time to spare. If the deadline is not abided by, there is a risk that the Aliens Office will have to make a report to the public prosecutor.

The extension of the residence permit is made by the Immigration Office of the City of Freiburg, Berliner Allee 1, 79114 Freiburg, provided you live in Freiburg. If you live outside of Freiburg, the Landratsamt of the respective district is responsible. A fee is charged for the extension. Certification of enrolment (Studienbescheinigung) from the university is to be provided.

Non-EU citizens must renew or extend their visas before they expire at the immigration authorities for the city of Freiburg:

## Evangelische Studierendengemeinde (ESG)

### Protestant Student Congregation (ESG)

ESG is member of WSCF (world Christian student federation)

#### WHERE AND WHO WE ARE

Students of the university and of all colleges meet in the middle of the Wiehre, right next to the Christus Church, in a beautiful old house with flair and garden for celebrations, talk together and eat spaghetti; to help each other in the "testing stress" or "lovesickness" and to exchange ideas about how to change inner and outer worlds.

Evangelical, also ecumenical and interreligious.

Every wednesday (during the semester) at 6 p.m. our social meeting – home evening takes places. We meet regularly in the ESG to eat, to celebrate devotions, for discussions and much more (see homepage).

Maybe you already have a few questions you'd like to ask? Then just stop by at the ESG and say hello. We are looking forward to meet you! See you soon!

### Freiburger Nepalese Association e. V. (FNA)

The Freiburger Nepalese Association was established by Nepalese students, families and residents. Everyone who is interested in our work is very welcome to join our association.

Objectives of our association are:

- To promote education in rural areas of Nepal.
- To build up a Nepalese community in Freiburg.
- To award scholarships for the promotion of education in Nepal by funding children, who are strongly motivated to study but are unable to afford their education.
- To promote Nepalese culture in Freiburg by performing various cultural activities, screening documentary films etc.
- To build up a Nepalese community in Freiburg.
- To guide new Nepalese students at the University of Freiburg and to counsel visitors travelling Nepal.

FNA cordially welcomes everyone for their participation in fulfilling the above objectives. For further queries, please feel free to contact us. Together we can work for a good cause.

## **Hochschul-SMD Freiburg (Studentenmission in Deutschland)**

**Hochschul-SMD Freiburg (Student Mission in Germany)**

# hochschul\_smd\_freiburg

Currently, we are about 20 students from various fields of study and different denomination. What we have in common is our faith in Jesus. He is in the middle of our lives- leading us on our everyday and inspiring our thoughts. We believe that being a Christian is not a tradition, fiction, ideology nor self-deception, but rather: "Thinking - Believing - Experiencing."

You are invited to our group meetings at Löwenstrasse 1 in the rooms of the Salvation Army (Heilsarmee), in the "Bermudadreieck." We meet on Thursdays every other week at 7pm for dinner, and at 8pm the program starts.

If you are interested or have any questions, feel free to e-mail us or just come join us!

## Klimaschutz+ Studenteninitiative Freiburg

### Students' Initiative Climate Protection+ Freiburg

We are part of the bigger German organisation "Klimaschutz+ e.V." - or "K+" in short - which promotes the three goals

- climate protection
- global poverty reduction
- international peacekeeping and disarmament.

In Freiburg, we support the three goals by collecting money through bake sales, flea markets, parties and the like. Besides we also want to bring climate change, sustainability and energy efficiency to public debate and organize lectures, movie nights and field trips on these topics. The money we raise during all our activities is donated to the "Initiative Schlüsselmensch e.V." which brings together a mentor (often students) and a teen/child living in Freiburg as a refugee.

More information about the initiative here: [initiative-schluesselmensch.org](http://initiative-schluesselmensch.org)

We want to educate ourselves, discuss and network concerning the topics energy transition and climate protection and have a lot of fun during our meetings. "Once the job has been done" and after lively discussion we often go to a pub or party together.

Just send a mail to [kplusfreiburg@posteo.de](mailto:kplusfreiburg@posteo.de) and you won't miss any K+ news.

## **Populäre-Philosophie-Verein e.V. Freiburg (PPV)**

### **Populäre-Philosophie-Association e.V. Freiburg (PPV)**

On the one hand, philosophy sought a reformulation of theoretical frameworks for social coexistence. But it was not merely a theoretical discussion, but actual training in lifestyle, training in a good lifestyle. Philosophy was thus the theory and practice of the good life. To rehabilitate this tradition, we found the Popular Philosophy Association in Freiburg.

Caution: The Chinese department of our Club organizes every Friday evening activities in the form of the lecture about philosophical topics that are open to all Chinese-speaking Students who are interested. The Place is KG1, R.1034.

## Regional Chapter

### – Scholarship holders of the Baden-Württemberg Foundation

At present there are 24 Regional Chapter (RC) groups worldwide, consisting of students who currently/formerly receive(d) the Baden-Württemberg scholarship, and being voluntarily organized by some of them.

The assignment of the scholarship itself is based on the principle of exchange. That means that the number of students from Baden-Württemberg going abroad is the same as the one, being from abroad and coming to Baden-Württemberg. This reflects the idea of the foundation to support students regardless of their origin and to bring them together.

Therefore, at the RC Freiburg events you will have the chance to get in touch with a lot of different people from all over the world. Maybe there is also a RC group in your hometown, and before leaving for your guest university, you can exchange information with someone from there. Or you meet someone in the RC Freiburg group, who used to be or who will be an exchange student at your home university and you will be able to give him/her some helpful advice.

From October/November 2017 onwards various events are planned for the winter semester, no matter whether is just coming together for chatting, attending talks and workshops about topics such as sustainability, or taking part in cultural events in Freiburg. Even prior to that you can contact some-

one from the RC Freiburg at any time for any questions, problems, suggestions you might have.

We are looking forward to getting to know you, and to having a great time together in the up-coming semester.

## Tandems

Are you looking for a tandem-partner to practice a foreign language or to spend some free time together? The Tandem-Program of the International Club Freiburg has been extremely successful: Around 1200 German and foreign students yearly are assisted in finding a tandem partner, with the aim of practicing languages and establishing contact between international and German students, assisting with their studies or just to get to know each others culture a little better.

Are you interested?

Then you should register online:

## **Families for International Friendship**

International students who don't only want to experience student life and the university, but are also interested in getting to know the normal everyday life of a German family, can register for the programme „Families for International Friendship“. Families from Freiburg offer students from abroad the chance to do just this, without any ongoing obligation and with no strings attached for the “partners”.

## International Club for Students

In cooperation with Freiburg's tertiary institutions, SWFR and the International Office of the University of Freiburg founded the International Club – a forum for students from all around the world who are interested in international exchange. The club is intended for people who are interested in other cultures, and keen to bring their own ideas and be involved in

events. During the semester, the club organises regular club nights on Thursday evenings in the MensaBar (Rempartstraße) – all are welcome!

Becoming a member of the International Club is easy. Membership IDs for the club are available at the Infoladen at SWFR, at the ServicePoints in the mensas and in the MensaBar at events of the International Club. It costs 2 Euros each semester. Club members have free entrance to the club nights and also receive discounts for various offers, for instance many student trips (“Studitours”).

### Seminars

There are a number of seminars intended to help with your studies, for example, on topics like learning techniques, time management, presentation techniques and exam stress. Also on offer are seminars that qualify for certain jobs like gastronomy jobs or babysitting and a variety of workshops such as acting, speech, singing and others.

📄 [www.swfr.de/en/events/seminars/](http://www.swfr.de/en/events/seminars/)

### Studitours

Experience European metropolises like Paris, take a trip to northern Italy to visit Milan, a daytrip to Zürich, Heidelberg, Strasbourg or to the biggest waterfall in central Europe. Or go hiking in the Black Forest – and do all these things with students from all around the world. With „Studitours“, all

students at tertiary institutions in Freiburg and the region can travel cheaply, meet new people and have fun. Tutors from the SWFR prepare the trips, come along as tour guides, know where the nicest spots and the best bars are, and know their way around.

## **Studium Generale**

With a wide range of lectures, workshops, and courses, the Studium Generale program gives you the opportunity to get to know other fields of study offered at the university. You can hear and experience nationally and internationally known scientists and academics, go to concerts, sing in a choir, or take part in an excursion.

# What do I need to take care of at the end of the semester / when leaving Freiburg?

## Exmatriculation

Students who do not want to continue studying at the university of Freiburg, have to apply for Exmatriculation. The form which is required is available at the Studentensekretariat or at the Infothek. You will also find this form on the homepage at the University of Freiburg:

 [http://www.studium.uni-freiburg.de/en/student-services/exmatriculation?set\\_language=en](http://www.studium.uni-freiburg.de/en/student-services/exmatriculation?set_language=en)

Exmatriculation takes place by removing students from the student register. It takes effect as of the end of the semester. A corresponding entry will be made in the study book. The Exmatriculation entry in the study book is a pre-requisite for the student to again enrol at a German university. For this reason, we strongly recommend that students duly carry out the Exmatriculation.

Students who do not carry out the Exmatriculation as requested, will nevertheless be officially removed from the student register, if they do not re-register as students within the period of time stipulated by the university. In this case, no corresponding entry can be made in the study book. This entry is necessary for subsequent enrolment at a German university. You will then need to contact the university once again on account of the study book, in order to have the Exmatriculation entry registered. This can be avoided by duly completing the Exmatriculation when leaving the University of Freiburg.

## **Issuing of course certificates/Transcripts**

At the end of the semester exchange students receive documents issued by the teachers. These documents verify successful participation for each class. These documents are called “Scheine”, and are either graded or confirm regular attendance of a course. If your home university needs a certified transcript, this can be issued on request. Therefore, please keep in mind your **own responsibility for issuing a transcript!**

### Issuing of Transcripts

Erasmus students, please contact your Erasmus-coordinator in the corresponding subject area. Participants in an international program (AYF, CYF, UMass, IES, Colgate), please see your resident director. All other exchange students (“Freiburg Global Exchange”) please contact the International Office before leaving Freiburg.

### How can I get a transcript?

Fill out the transcript form which can be downloaded from the homepage of International Office from your computer and print it out. Please make sure that the name of each class appears on the transcript exactly as it appears on the Schein. Make sure that lectures’ names appear exactly as they are written in the course catalogue (Vorlesungsverzeichnis). This means, for example, that a German name of a seminar also has to be in German on the transcript.

 [www.studium.uni-freiburg.de/documents/austausch](http://www.studium.uni-freiburg.de/documents/austausch)

### How can I get an English translation?

If your seminar has a German name, but you need an additional English translation: In this case, you should request the professor/lecturer who provided you with the Schein to write the English name on the Schein. It is then possible for the German name, the English name or both names to appear on the transcript. It is only possible for classes to be listed on the transcript the way they are named on the Schein.

### Which grading method should I use?

Grades must also appear on the transcript the way they are written on the Schein. The attached tables on the transcript document provide a conver-

sion, which can be used by your home university to convert the German grades.

What should I do if I have to wait for Schein(e) to be issued?

If you do not have a Schein(e), you can still list the class(es) on your transcript. In this case, please write “pending” in the column “Note/Grade”. In most cases, it is sufficient to provide the transcript with the later arriving Schein(e) to your home university.

If you nevertheless require a complete transcript after having left Freiburg, please make sure that all missing Scheine will be sent by the faculty/institute to your home (email) address. Then email your completed transcript form together with a scanned copy of all Scheine to the International Office (*transcripts@io.uni-freiburg.de*) which will confirm and send back the transcript to you or your home university. Please provide an appropriate address especially in the latter case.

## **Other**

Please make sure, when you are leaving Freiburg that you announce your departure at the Residence Registration Office, cancel your health insurance policy (and give back your health insurance card) and close your bank account.

## Alumni Freiburg

After completing your studies, you can keep in touch with the University of Freiburg with Alumni Freiburg. Through contact with Alumni-Clubs worldwide, Alumni Freiburg organises regional meetings with former students. The club's programme includes scholarly presentations as well jointly held visits to cultural events and opportunities to network. In addition, Alumni Freiburg regularly invites former students to international Alumni Meetings in Freiburg.
